

# SPOT AWARD

## Rohan Shahane

We appreciate Rohan on his outstanding work on the AFAC Upgrade Go-Live project. He was working tirelessly more than 36 hours to make this Go Live successful and at the same time he mitigated environmental issues by Co-ordinating with Client. Client also appreciated for his tremendous work. He handled all client communications during Go live very effectively. He made sure that Client got everything on time and shown tremendous flexibility with a great sense of ownership.

So Fantabulous job by Rohan.
